Subject: Site Requirement clarification question
Date: Tuesday, November 10, 2020 1:16:13 PM

We have would like clarification regarding the verbiage below from the proposed 2021 QAP.

Any site listed on or adjacent to a site listed on the National Priority List under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) or that requires the execution of voluntary or involuntary cleanup agreements with Department of Health and Environmental Control or other third party organizations as noted in a Phase II environmental assessment report (unless fully completed),,

Does this mean that the cleanup needs to be fully completed? Please clarify.

Thank you,
