I. RESERVATION/CARRYOVER ALLOCATION PROCEDURES (9% ONLY)

Any reservation or carryover allocation obtained on the basis of false or misleading information shall be void.

A. Reservation Certificates

The Authority will mail Reservation Certificates to all funded developments upon completion of the competitive scoring process. To acknowledge acceptance of the reservation of LIHTCs, Owner must execute and return the Reservation Certificate and pay all fees then due within ten (10) business days of receipt. The date of the Reservation Certificate is the “Reservation Date.”

Once all Reservation Certificates have been executed and returned, the LIHTC Awards List will be released and posted on the Authority’s website.

Issuance of a Reservation Certificate does not guarantee that the development will receive an allocation of LIHTC in the amount stated, or at all.

Any violation of the terms and conditions of the Reservation Certification and/or an untimely submission of documentation referenced in the Reservation Certificate may result in its cancellation.

B. Carryover Allocations

Owners seeking a Placed-In-Service (PIS) allocation the year in which the reservation was made must submit a PIS application on or before the second Monday in December. Developments with a reservation of LIHTC that will PIS after December 31 of the reservation year must submit an Application for a Carryover Allocation to the Authority no later than the date specified in the Reservation Certificate.

The Authority will send a Carryover Agreement for signature. The Owner must return the original documents by the due date indicated.

II. VERIFICATION OF 10% EXPENDITURE (9% ONLY)

The Authority requires owners meet the Verification of Ten Percent Expenditure (10% Test) no later than six (6) months after the Carryover Allocation date. The Authority may permit an extension of this date only under circumstances beyond the Owner’s ability to control. In any event, the Authority may not grant an extension longer than ten (10) months after the Carryover Allocation date.

The 10% Test application is due to the Authority within three (3) weeks after the 10% Test deadline. Failure to submit by the due date may result in the cancellation of the LIHTC award.

If any of the required documents are missing/incomplete, the following will apply:

- Prior to the Application deadline – the missing/incomplete document(s) may be submitted without penalty.

- After the Application deadline – the missing/incomplete document(s) may be submitted upon payment of the missing document fee.
- If the missing/incomplete documents are not corrected and resubmitted to the Authority within seven (7) business days following the notification, the development may forfeit its allocation of LIHTCs.

III. PROGRESS MONITORING

Applicable to all projects awarded low income housing tax credits.

A. Progress Inspections

Developments will be subject to four (4) construction progress inspections during the construction phase (25%, 50%, 75%, and 100%). The 100% inspection must be requested within sixty (60) days of receiving the Certificate of Occupancy on the last building completed.

B. Progress Deadlines

The Authority may grant an extension of the deadlines below for an extension fee. All extension requests must be in writing and submitted not less than one (1) week prior to the deadline along with the required fee. The Authority will only accept and grant extensions for individual categories, not an overall blanket extension for all categories.

TEN (10) MONTHS AFTER THE RESERVATION DATE OR BOND CLOSING:

Final architect certified development plans and specifications for LIHTC developments are due to the Authority not later than ten (10) months after the reservation date or bond closing. Final plan and specification requirements are outlined in Appendix B Development Design Criteria.

The Owner entity must have title to the land as evidenced by a copy of the recorded deed and/or land lease.

TWELVE (12) MONTHS AFTER THE RESERVATION DATE OR BOND CLOSING:

The following documents are due not later than twelve (12) months after the Reservation Date or bond closing:

- a certified copy of the executed, recorded, FINAL construction mortgage document with the recorder's clock mark date stamp showing the date, book, and page number of recording;
- the original executed and recorded Restrictive Covenants (if applicable);
- the executed binding commitment for syndication; and
- the management entity's plan as referenced in the QAP.

FIFTEEN (15) MONTHS AFTER THE RESERVATION DATE OR BOND CLOSING:

All developments must be under construction. New construction developments must have all footings or a monolithic slab in place as evidenced by photographs submitted with a Progress Report certified by the development architect or engineer. Rehabilitation developments must have begun actual rehabilitation of the units, as evidenced by photographs submitted with a Progress Report certified by the development architect. Rehabilitation and new construction must be continuous and progressive from this date to completion.

IV. PLACED IN SERVICE ALLOCATION PROCEDURES

The owner must submit a Placed-In-Service (PIS) application and all supporting documentation listed on Exhibit A – Placed in Service Checklist within nine (9) months of the last building placing in service. Applications not received by this due date may be submitted until the last business day in December of the tax year for which the development expects to claim credits, upon payment of a late delivery fee.

The Authority will review PIS applications in the order received. If the application is incomplete, the following will apply:

- A Missing Document Fee will be assessed per missing item
- If the Authority does not receive the corrected or missing documents and administrative fee within ten (10) business days following December 31, the development may lose its allocation of LIHTCs.

The PIS application must include a Contractor Cost Certification in the form outlined in Exhibit J-2 as to the actual costs incurred in construction of the project. A Certified Public Accountant must perform an audit and issue an opinion letter in accordance with Generally Accepted Accounting Principles and Generally Accepted Auditing Standards and execute the CPA Certification Form. The development team must certify that all costs have been reported for inclusion in the cost certification.

The certification must include a statement that a final copy of all costs incurred has been reviewed and is in accordance with the requirements of the LIHTC Program, and that after careful review and investigation into the eligible basis, the costs that are not includable have been excluded from the eligible basis. The Authority may require an attorney opinion for costs that are questionable as to their eligibility for LIHTC purposes.

The Authority will use industry standards to determine the total actual allowable cost for construction and may reduce the LIHTC allocation. If either the audit or Authority staff finds that the Contractor's actual allowable costs for construction are less than budgeted costs at application and as amended by any approved change order requests, then the Authority may reduce the eligible basis and decrease the amount of LIHTCs. The Authority assumes no responsibility for determining which costs are eligible.

Once submitted Owners may not modify or resubmit a certification. All underwriting decisions based on the submitted certification are final.

After receipt of a complete PIS application, all units are to be one hundred percent (100%) complete and available for immediate occupancy by the placed in service deadline, as documented by the Certificates of Occupancy or an equivalent provided by the local government entity. Failure to meet either criterion may result in cancellation of the LIHTC allocation.

If the PIS application is complete, the Authority will execute and mail Form 8609(s), but not until the last building in a multi-building development has been placed in service.

V. PROJECT CHANGES, TRANSFERS AND RETURN OF CREDITS

A. Material Changes Prohibited

If, upon the submission of the Carryover Allocation Documents, the 10% Test application or the PIS application, the Authority determines that the development is not substantially the same as described in

the original Tax Credit Application, the development may not receive an allocation of LIHTCs.

At all times after award, the owner is responsible for promptly informing the Authority of any changes or alterations which deviate from the final plans and specifications approved at award.

B. Transfers

Neither reservations nor carryovers are transferable without the prior written consent of the Authority.

No change in the makeup or identity of a GP in a partnership or its equivalent in a limited liability company is permitted without the prior written consent of the Authority. Without limitation, this prohibition includes indirect transfers through the admission of any “special limited partner(s)” that leads to the eventual exit of a GP or its equivalent in a limited liability company. LIHTCs allocated to developments whose ownership is altered in violation of this provision shall be subject to revocation by the Authority.

C. Return of Credits and Returned Credit Allocation Procedures

LIHTC allocations may be returned only on a date agreed upon by the Authority and the Owner.

D. Recycling Credits

An owner who received an award of 9% tax credits in the previous funding cycle may request to return those credits and receive an allocation from the current tax credit cycle equal to or less than the amount of the original tax credits awarded. The request must be made in the current calendar year and include payment of the Recycling Credit Fee. An owner may only request to recycle credits one time per development.

Projects seeking additional credits will be required to return the development’s tax credit allocation and re-apply in the next application cycle.

VI. COMPLIANCE MONITORING PROCEDURES

The procedures the Authority will follow in monitoring are outlined in the LIHTC Compliance Monitoring Manual on the Authority’s website. The manual includes but is not limited to procedures that address the following areas: record keeping and record retention; certification and review; on-site inspection; and notification as to noncompliance.

Additionally, all LIHTC developments must comply with the following:

A. Mandatory Compliance Training Session for On-Site Management Staff

Once a development reaches 75% construction completion, the Owner must schedule required attendance at a compliance training session for on-site management staff charged with handling the daily tasks of property management and program eligibility determinations.

B. Rent Increases

Developments cannot increase rent levels without approval from the Compliance Monitoring Department. Rent increases in excess of 5% annually may not be approved.

C. Annual Audited Financial Statements:

All developments, regardless of when funded, must submit audited financial statements and operating expense information not later than June 1st of each year through the appropriate Authority platform. A late delivery fee will be assessed if the audited financial statements and operating expense information is not received by June 1st of each year.

VII. PROGRAM SUSPENSION AND DEBARMENT

- A. The following events may result in suspension from participating for funding from any of the Authority administered programs for a period of three (3) years:

 2. Removal of the General Partner or its equivalent in a limited liability corporation. The Authority may make exceptions due to death, bankruptcy, or cessation of business operations.

 2. Any partnership formation and/or developer agreement, whether written or otherwise, that attempts to circumvent Authority requirements, regardless of when the violation is discovered.
 3. For nonprofit sponsored developments, breach of the requirement for continuous and ongoing material participation. Debarment applies to the nonprofit and all of its officers and directors.
- C. The Authority may disqualify an application from the current or upcoming application cycle for any of the reasons below.

 - the scoring or evaluation of any applications,
 - interpretation or implementation of the QAP or Appendices, or
