Mr. Reel,

This letter is in response to the capacity request submitted for the project listed above. Renewable Water Resources (ReWa) serves as the sewer conveyance and treatment provider for this area and the City of Greenville serves as the sewer collection agency.

As requested in the Service Lateral Capacity Request form submitted by Thomas & Hutton on April 7, 2025, the system appears capable of handling the proposed 9,345gpd discharge. However, please note that capacity approval is contingent upon the payment of New Account Fees (NAF).

To proceed with this development, please contact ReWa's Customer Service Department at (864) 299-4000 for processing of the fees.

If you have any questions or require further information, please do not hesitate to contact me at (864) 299-4000 or via email at [NancyB@re-wa.org](mailto:NancyB@re-wa.org).

Sincerely,

Nancy Barrett
