Dear James:

This is to notify you that the Inman-Campobello Water District has the capacity and is willing to serve the above proposed project pending approved calculations and fire coverage requirements from the design engineer. ICWD has existing water mains within 500' of the property at Asheville Highway and Honeysuckle Rd. This project is anticipated to be consistent with the water supply service plan for the area, but is dependent upon these calculations. We will accept ownership and maintain water lines for this project once they have been designed and installed to our specifications.

If you should have any questions regarding this matter, please do not hesitate to contact me at (864) 472-2858.

Sincerely,

A handwritten signature in blue ink that reads 'Patrick McClendon'.
