### South Carolina Housing Trust Fund Construction Cost Sheet

Due to recent rising costs for construction materials, SC Housing has updated the SC Housing Trust Fund Construction Cost Sheet. The 2021 Construction Cost Sheet is now available by visiting <https://www.schousing.com/Home/SCHousingTrustFund>

The updated construction cost sheet is effective immediately. Projects currently in process and not final are eligible for a project cost adjustment. The sponsor may submit a change order to request an adjustment in the project cost.
