INDEPENDENT AUDITORS' REPORT

Ms. Sue Moss, CPA, Interim State Auditor and Members of the Board of Commissioners South Carolina State Housing Finance and Development Authority Columbia, South Carolina

Report on the Audit of the Financial Statements *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the South Carolina State Housing Finance and Development Authority, a component unit of the state of South Carolina, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the South Carolina State Housing Finance and Development Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the South Carolina State Housing Finance and Development Authority, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the South Carolina State Housing Finance and Development Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Ms. Sue Moss, CPA, Interim State Auditor and Members of the Board of Commissioners South Carolina State Housing Finance and Development Authority

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the South Carolina State Housing Finance and Development Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the South Carolina State Housing Finance and Development
 Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the South Carolina State Housing Finance and Development Authority's ability to continue as a going concern for a reasonable period of time.

Ms. Sue Moss, CPA, Interim State Auditor and Members of the Board of Commissioners South Carolina State Housing Finance and Development Authority

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, the schedule of the employer's proportionate share of the net pension liability, the schedule of the employer's pension contributions, the schedule of the employer's proportionate share of the net OPEB liability, and the schedule of the employer's OPEB contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2025, on our consideration of the South Carolina State Housing Finance and Development Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the South Carolina State Housing Finance and Development Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the South Carolina State Housing Finance and Development Authority's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

Baltimore, Maryland September 26, 2025

As management of the South Carolina State Housing Finance and Development Authority (the "Authority"), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2025.

Financial Highlights

- Net position of the Authority's business-type activities increased by \$26,666,264 to \$469,871,811. This increase is primarily attributable to the increase in the Authority's single-family mortgage portfolio and non-operating revenues in the General Operating Fund.
- The governmental activities net position increased by \$16,025,420 to \$142,865,167. This increase is primarily the result of an increase in documentary tax revenue, interest on deposits and investments, and the net increase in the fair value of investments.
- Federal grant revenue increased by \$11,207,235 to \$210,474,120. Federal assistance received by the Authority during the current fiscal year was from the U.S. Department of Housing and Urban Development (HUD) and the U.S. Department of Treasury. The increase in federal assistance is due primarily to increased funding for the Housing Choice Voucher program and Contract Administration.
- The Authority made principal payments on mortgage revenue bonds of \$94,680,000 during the fiscal year. Of which, \$82,845,000 were redeemed prior to maturity.
- For the fiscal year ended June 30, 2025, the Authority purchased \$377,363,495 of single family first mortgages, down payment assistance loans, and multifamily mortgages in its proprietary funds. The majority of single family production was funded through the Mortgage Revenue Bond indenture and is recorded as loans.
- Bonds outstanding, net of unamortized premiums, increased by \$426,840,796 to \$1,600,948,740. This is mainly attributable to the increase in demand for the Authority's mortgage loans, which resulted in an increase in the current year of bonds issued by 200% over the prior year.

Overview of the Financial Statements

This annual report consists of three parts - management's discussion and analysis, the basic financial statements, and supplementary information. The basic financial statements include two types of statements presenting different views of the Authority's finances.

- The first two statements are entity-wide financial statements that provide information about the Authority's overall financial position and results. These statements, which are presented on an accrual basis of accounting, consist of the Statement of Net Position and the Statement of Activities. The Statement of Net Position includes all of the Authority's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid. Most of the Authority's activities are business-type activities and are reported in proprietary funds.
- The remaining statements are fund financial statements of the Authority's proprietary funds which operate similar to business activities and for which the Authority follows an accrual basis of accounting, and the governmental funds, which are special revenue funds that follow the modified accrual basis of accounting.
- The basic financial statements also include a "Notes to Financial Statements" section that explains the information in the entity-wide and fund financial statements. The notes also provide a more detailed explanation of data and significant accounting procedures and policies.

The remainder of this overview section explains the structure and contents of each of these statements. Prior year results referred to throughout this section are for comparison purposes only.

Fund Financial Statements

The fund financial statements provide more detailed information about the Authority's most significant funds and not the Authority as a whole. The Authority has two kinds of funds:

Governmental Funds - Governmental funds finance the Authority's governmental functions, including the disbursement of restricted monies. The Authority's governmental fund type is a special revenue fund. Expendable assets are assigned to the applicable governmental fund according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the difference between assets and liabilities is fund balance.

As such, in accordance with governmental accounting standards, the portions of net position/fund balances that are not available for appropriation and expenditure and/or are legally segregated for a specified use are presented as restricted in the fund entity-wide statements.

Proprietary Funds - The Authority's primary activities are accounted for in its proprietary funds. These activities are accounted for in a manner similar to businesses operating in the private sector. Funding is primarily provided through the issuance of bonds, the proceeds of which are used to make various types of loans to finance low and moderate-income housing. HUD contracts are accounted for in the proprietary funds since the Authority receives fees to administer various HUD programs. The net positions of these programs represent accumulated earnings since their inception and are generally restricted for program purposes.

Financial Analysis of the Authority as a Whole

Net Position: The combined net position of the Authority increased by \$42,691,684 to \$612,736,978. The following table summarizes the financial position for the Authority as of and for the fiscal years ended June 30, 2025 and 2024.

	Governmen	tal Activities	Business-T	ype Activities	Total		
	2025	2024	2025	2024	2025	2024	
Assets:							
Current Assets	\$ 123,765,482	\$ 111,903,789	\$ 628,393,898	\$ 422,215,727	\$ 752,159,380	\$ 534,119,516

Total Liabilities	1,647,885	1,350,092	1,715,644,942	1,273,946,609	1,717,292,827	1,275,296,701	
Deferred Inflows of							
Resources			7,792,582	8,537,474	7,792,582	8,537,474	
Net Position:							
Net Investment in Capital							
Assets	-	-	745,665	415,127	745,665	415,127	
Restricted	142,865,167	126,839,747	441,603,956	424,649,157	584,469,123	551,488,904	
Unrestricted			27,522,190	18,141,263	27,522,190	18,141,263	
Total Net Position	\$ 142,865,167	\$ 126,839,747	\$ 469,871,811	\$ 443,205,547	\$ 612,736,978	\$ 570,045,294	

Total net position of the Authority's governmental activities increased by \$16,025,420 to \$142,865,167. The Housing Trust Fund Act enacted by the General Assembly during 1992 restricts fund balance of the Housing Trust Fund. The Authority receives funding from a percentage of the documentary stamp tax on the instruments conveying real property to finance in whole or in part, affordable housing projects, and/or developments eligible under the Housing Trust Fund Act.

Net position of the Authority's business-type activities increased by \$26,666,264 to \$469,871,811.

Statement of Activities: The Statement of Activities shows the sources of the Authority's changes in net position as they progress through the various programs and functions. The Housing Trust Fund is shown as governmental activities, and all other programs are shown as business-type activities. The business-type activities include the Single Family Loan Programs, federal housing assistance, tax credits allocations, compliance monitoring, and other activities that are part of the Authority's administrative functions.

A condensed Statement of Activities for the last two fiscal years is shown below.

	Governmer	ntal Activities	Business-T	ype Activities	Total		
	2025	2024	2025	2024	2025	2024

Excess (Deficiency) Before Transfers	15,529,020	15,093,599	27,162,664	11,982,743	42,691,684	27,076,342	
Transfers Between Funds	496,400		(496,400)				
Change in Net Position	16,025,420	15,093,599	26,666,264	11,982,743	42,691,684	27,076,342	
Net Position - Beginning of Year	126,839,747	111,746,148	443,205,547	431,222,804	570,045,294	542,968,952	
Net Position - End of Year	\$ 142,865,167	\$ 126,839,747	\$ 469,871,811	\$ 443,205,547	\$ 612,736,978	\$ 570,045,294	

Revenues of the Authority's governmental activities were derived from a documentary stamp tax, a federal grant, interest payments on loans, and investment income. Revenues of the Authority's business-type activities were primarily from federal program revenue of \$210,474,120, charges for services of \$111,544,176, and net program investment income of \$16,703,269 which included a fair value adjustment loss of \$5,144,964. Charges for services consist primarily of interest income on loans, HUD administrative fees, tax credit application fees, and various other fees, such as monitoring and servicing. Program investment income came primarily from the bond programs, and the income is restricted to those programs.

Direct expenses of the Authority's business-type activities consist of two major types—housing assistance payments and bond interest. All administrative expenses were incurred in the Authority's General Operating Fund. Program revenue adequately covers all expenses of the Authority. Total revenues exceeded expenses by \$27,162,664 for the business-type activities.

Total net position of the Authority increased from the previous year by \$42,691,684 to \$612,736,978.

Debt Administration

The Authority's total liabilities increased by \$441,996,126 to \$1,717,292,827. Non-current liabilities increased by \$423,004,445 to \$1,608,387,513. Refunding debt and optional bond redemptions are based on mortgage pre-payments received and an economic analysis of calling debt vs. making loans vs. investing funds. In recent years, calling debt has been the best financial alternative. The Authority's long-term debt, including amounts due within the next fiscal year, consists of bonds payable, net of unamortized premiums of \$1,600,948,740, net pension liability of \$15,282,740, net OPEB liability of \$12,887,769, accrued compensated absences of \$2,612,142, and \$4,353,213 of noncurrent liabilities, which consists primarily of future lease payments. See Notes 5, 6, 11 and 12 to the financial statements for more information on the Authority's long-term liabilities.

Economic Factors

The Authority's financial condition remained strong at June 30, 2025. The State of South Carolina continued to experience steady growth, with the current economic expansion having entered its sixteenth year during 2025.

Data from the Authority's Mortgage Servicing division indicates that the number of customers in forbearance and/or seriously delinquent has increased. The Authority will continue to focus efforts on loan servicing and loss mitigation in order to prevent foreclosure and preserve assets. The Homeowner Assistance Program, funded by the federal Homeowner Assistance Fund, is closed for applications and the Authority anticipates that some loans brought current through this program may fall delinquent in the future.

Interest rates continue to increase. The Authority was able to remain in the bond market based on the strength of the Statement of Net Position. The Authority will continue to monitor all economic factors impacting its financial stability.

Requests for Information

This financial report provides a general overview of the South Carolina State Housing Finance and Development Authority's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the following:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of South Carolina State Housing Finance and Development Authority (the Authority) were prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body in the United States of America for establishing governmental accounting and financial reporting principles. The most significant accounting policies of the Authority are described hereafter.

A. Reporting Entity

The core of the financial reporting entity is the primary government which has a separately elected governing body. As required by generally accepted accounting principles, the financial reporting entity includes both the primary government and all of its component units. Component units are legally separate organizations for which the officials of the primary government are financially accountable. In turn, component units may also have component units.

An organization other than a primary government may serve as a nucleus for a reporting entity when it issues separate financial statements. That organization is identified herein as a primary entity. The Authority, a primary entity, is a public body, corporate, and politic, and is a discretely presented component unit of the state of South Carolina. As such, its funds are included in the Annual Comprehensive Financial Report of the state of South Carolina as a discretely presented component unit.

The Authority was established during 1971 pursuant to Section 31-13-20 of the South Carolina Code of Laws. The laws of the state of South Carolina and policies and procedures specified by the state of South Carolina for state agencies are applicable to the Authority. The powers of the Authority were expanded through the passage of the South Carolina State Housing Act of 1977 (31-13-10 through 330 and 31-3-1510), and as amended during 1982 (31-13-70), 1983 (31-13-80), 1986 (31-1-340), 1988 (31-13-50), and 1990 (31-13-200).

The South Carolina State Housing Act empowers the Authority to enter into grants and contracts with the federal government and to issue bonds and notes. During 1992, the General Assembly amended Chapter 13, Title 13 by adding Article 4 which enacts the Housing Trust Fund Act of 1992.

The Authority's Board of Commissioners (the Board), whose members are appointed by the Governor, is the governing body of the Authority. The Board administers, has jurisdiction over, and is responsible for the management of the Authority.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

SC Housing Corp. was formed in 2010 to administer and distribute funds from the U.S. Department of Treasury's Hardest Hit Fund, through the SC HELP Program. SC Housing Corp. is governed by a Board of Directors, whose members are appointed by the Authority's Board of Commissioners.

The SC HELP Program closed in October 2020 and all unused funds were returned to Treasury. The entity remains open only for the purpose of releasing liens on downpayment assistance loans as they mature or are forgiven.

The core of the financial reporting entity is the primary government which has a separately elected governing body. As required by generally accepted accounting principles, the financial reporting entity includes both the primary government and all of its component units. Component units are legally separate organizations for which the officials of the primary government are financially accountable. In turn, component units may also have component units.

The Authority follows the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity Omnibus*, GASB Statement No. 80, *Blending Requirement For Certain Component Units*, and GASB Statement No. 90, *Majority Equity Interests*, an amendment of GASB Statements No. 14 and No. 61.

GASB Statement No. 61 clarified previous statements by requiring a financial benefit or burden criteria to be present in order for a separate entity to be dependent on a primary government and included as a component unit of the primary entity, regardless of whether the primary government appoints a voting majority of the organization's governing body. The financial benefit or burden exists if the primary government is (a) legally entitled or can access the organization's resources, or (b) legally obligated or has assumed the obligation to finance deficits or provide financial support to the organization, or (c) obligated in some manner for the debt of the organization. In addition, the relationship to the primary government can also be determined by the services provided by the component unit to the citizens, such that separate reporting as a major component unit is considered essential to the financial statement users.

Based on these criteria, the Authority has been determined to be classified as a discretely presented component unit of the state of South Carolina and that SC Housing Corp. is a blended component unit of the Authority. SC Housing Corp. has no activity reported.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

The accompanying financial statements present the financial position, results of operations, and cash flows of only that portion of the funds of the state of South Carolina that is attributable to the transactions of the Authority and SC Housing Corp. The mortgage revenue bonds are special obligations of the Authority and are not a debt, grant or loan of the state of South Carolina nor any political subdivision of the state of South Carolina, and neither the state of South Carolina nor any political subdivision thereof is liable. The bonds are secured by and payable solely from the monies, income, and receipts of the Authority pledged for the payment thereof under the bond indentures. Payment of the principal or redemption price of, and interest on, all bonds is secured ratably and equally by the proceeds of the bonds, revenue (including scheduled payments of principal and interest on mortgages and repayments of mortgage loans and interest and income received on investments of money held in the funds and accounts), and the right, title, and interest of the Authority in and to the mortgage loans.

B. Fund Accounting

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the Authority's enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds. The Authority reports no fiduciary funds. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund accounting is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with specified activities or objectives, in accordance with limitations and restrictions imposed by sources outside the entity and in accordance with directives issued by the governing board.

The Authority's funds are classified into two categories: governmental and proprietary.

Governmental Funds

Governmental funds finance the Authority's governmental functions including the disbursement of restricted monies. Within the Authority's governmental funds, expendable assets are assigned to the applicable governmental fund according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the difference between assets and liabilities is fund balance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Fund Accounting (Continued)

Governmental Funds (Continued)

As such, in accordance with governmental accounting standards, the portions of net position/fund balance that are not available for appropriation and are legally segregated for a specified use are presented as restricted in the entity-wide and fund statements.

Housing Trust Fund

The Housing Trust Fund, a special revenue fund, was established during May 1992 pursuant to South Carolina Code of Laws, Chapter 31, Article 4. The Authority receives funding from a percentage of the documentary stamp tax on instruments conveying real property under Title 12. Under this legislation, the Housing Trust Fund is to be used to "increase the supply of safe, decent and affordable housing for members of the very low-and lower-income individuals and households."

Proprietary Funds

The proprietary funds are used to account for activities similar to those found in the private sector, where the determination of operating income is necessary or useful for sound financial administration. Goods or services from activities of the Authority are provided to outside parties, and such activities are accounted for in an enterprise fund type. An enterprise fund accounts for activities that are self-sustaining, primarily through user charges or are used when management wants to control or measure costs of services.

The Authority's proprietary fund category includes the following enterprise funds:

General Operating Fund

The General Operating Fund records administrative fees from the U.S. Department of Housing and Urban Development (HUD), loan servicing fees, other fee type income, and interest earned on loans and investments. These sources of funds as well as operating transfers from other programs are used to defray the general and administrative expenses of the Authority. The General Operating Fund also accounts for HUD funds that are used to provide rental assistance to qualified recipients as well as fund loans and grants for various other rental, homeownership, rehabilitation, and development activities. The General Operating Fund also accounts for funds from the U.S. Department of the Treasury to administer both the Emergency Rental and Homeownership Assistance Funds.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Fund Accounting (Continued)

Proprietary Funds (Continued)

Single Family Finance Programs Fund

The Single Family Finance Programs Fund accounts for the financing activities of the Authority's Single Family Mortgage Purchase Bond Indenture, the Mortgage Revenue Bonds Indenture and the Homeownership Revenue Bond Indenture. The proceeds of each series of bonds issued under these three programs are used to purchase mortgage loans made to the State of South Carolina's moderate- to low-income citizens who meet federal and Authority eligibility requirements. The three indentures generate income to cover the costs of administration and debt service on the bonds. Excess funds as determined by cash flow analysis and certification may be transferred to the other programs at the discretion of the Authority.

Program Fund

The Program Fund was established in accordance with Section 31-13-340 of the South Carolina Code of Laws. Monies not required to be accounted for elsewhere can be deposited into the Program Fund. This fund is used by the Authority to finance special initiatives and down payment assistance loans (both forgivable and repayable) as authorized by the Authority's Board.

C. Measurement Focus, Basis of Accounting, and Reporting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

All governmental funds are accounted for using the current financial resources measurement focus whereby only current assets and current liabilities generally are included on the balance sheet. In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Authority also reports the noncurrent portion of outstanding loans receivable on the balance sheet. Operating statements of these funds present increases and decreases in fund balance.

Governmental fund revenues and expenditures are recognized on the modified accrual basis of accounting. Revenues and other fund financial resources are recognized during the accounting period in which they become both measurable and available to finance expenditures. For this purpose, the Authority considers funds to be available if they are collected within 60 days of the end of the current fiscal year. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenditures are recognized during the accounting period in which the fund liability is incurred, if measurable.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Reporting (Continued)

Proprietary funds are accounted for via the flow of economic resources measurement focus. With the government-wide and this measurement focus, all assets and liabilities associated with the operation of these funds are included on the statement of net position.

The Authority recognizes revenues and expenses and the recording of depreciation expense for the enterprise fund-type using the accrual basis of accounting. Revenues and federal reimbursement type grants are recognized during the accounting period in which they are earned and become measurable; expenses are recognized during the period incurred, if measurable.

Transfers of financial resources among funds are recognized in all affected funds during the period in which the related interfund receivables and payables arise.

The Authority has elected to treat all funds as major and present them in separate columns.

D. Restricted Assets and Liabilities Payable from Restricted Assets under Revenue Bond Resolutions

Generally, under the applicable bond indentures, the earnings and receipts of loan payments related to investment and mortgage loan assets in the Single Family Finance Programs Fund are required to be used to purchase mortgages or for the related debt service payments. Because these assets are generally restricted for this purpose, they have been reflected as current and noncurrent restricted assets in the accompanying statements of net position. Net restricted position for bond reserves are computed July 1 of each year by a percentage of the then outstanding bond principal in accordance with the bond indenture (see Note 2E).

E. Discounts, Premiums, and Deferred Gains and Losses on Refundings of Debt

Under provisions of applicable bond indentures, net restricted position not restricted for the respective bond reserves of the Single Family Finance Programs Fund are reflected as either restricted for debt service or for special programs in the accompanying statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Discounts, Premiums, and Deferred Gains and Losses on Refundings of Debt (Continued)

Bond discounts and premiums are amortized over the terms of the bonds. The deferred gains and losses on refundings of debt include the call premiums and the unamortized premiums or discounts attributable to the bonds refunded and are amortized over the term of the refunded issues or the new issues whichever is shorter, using the bonds outstanding method. The deferred gains on refundings of debt represent a deferred inflow of resources, which is reported separately on the statement of net position. The deferred losses on refundings of debt represent a deferred outflow of resources, which is reported separately on the statement of net position. Amortization of bond discounts and premiums and deferred losses and gains on refunding of debt are included in interest expense.

F. Federally Assisted Program Advances and Fees

In accordance with the terms of contracts between the Authority and HUD, the Authority administers Section 8 Housing Assistance Payments Programs, Contract Administration, and the Housing Choice Voucher Program, the Mainstream 5 Voucher Program and the Emergency Voucher Program in certain areas of South Carolina. Under these programs, housing assistance payments are made to eligible individuals or to owners of rental housing on behalf of persons of limited income who meet the eligibility requirements.

Generally, HUD advances the Authority sufficient funds to cover the current month's housing assistance payments before such disbursements are made by the Authority. Additionally, HUD advances funds on a monthly basis for the Authority's costs of administering the subsidy contracts. These administrative fees are recognized as operating revenues when earned in the General Operating Fund. Because such funds are generally restricted as to purpose, they have been reflected in the restricted portion of the accompanying statements where appropriate.

The Authority also administers the Home Investments Partnership Program and Neighborhood Stabilization Program. The Home Investments Partnership Program provides loans and grants to local governments and nonprofit entities to assist private property owners in building new and rehabilitating existing rental housing for low-income tenants. The Home Investments Partnership Program also provides forgivable and repayable down payment assistance loans to qualified first time homebuyers. The Neighborhood Stabilization Program provides grants to other entities, primarily local governments and nonprofit entities, to purchase foreclosed or abandoned properties and to rehabilitate, resell, or redevelop these properties in order to stabilize neighborhoods and stem the decline of value for other homes in the neighborhood. Under both of these programs, an administrative fee is drawn from HUD to reimburse the Authority, as well as the entity that has been awarded funds under the program, for administrative costs. These administrative fees are recognized as operating revenues when earned.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Federally Assisted Program Advances and Fees (Continued)

Funds granted and passed through by the Authority are included in the accompanying financial statements in the General Operating Fund as nonoperating revenues and expenses.

The Authority is also currently administering the Emergency Rental Assistance Program and the Homeowners Assistance Fund Program, both funded by the U.S. Department of Treasury. Unlike the HUD pass-through programs, the Treasury programs were funded to the state in full, via several tranches of payments. The programs allow for 10% - 15% of the funds to be used for administrative expenses. The programs have varying sunset dates, with the last being September 30, 2025. Funds for these programs are expected to be fully expended by the sunset date for each program.

G. Cash and Cash Equivalents

Amounts denoted in the financial statements as "cash and cash equivalents" represent cash on deposit in banks and cash on deposit with the State Treasurer's Office.

For purposes of the statement of cash flows, the Authority considers all highly liquid debt instruments purchased with a maturity of three months or less at the time of acquisition to be cash equivalents.

Most state agencies, including the Authority, participate in the state of South Carolina's cash management pool. Because the cash management pool operates as a demand deposit account, amounts invested in the pool are classified as cash and cash equivalents. The State Treasurer administers the cash management pool. The cash management pool includes some long-term investments such as obligations of the United States and certain agencies of the United States, obligations of the state of South Carolina and certain of its political subdivisions, certificates of deposit, collateralized repurchase agreements, and certain corporate bonds.

The state of South Carolina's cash management pool consists of a general deposit account and several special deposit accounts. The state of South Carolina records each fund's equity interest in the general deposit account; however, all earnings on that account are credited to the General Fund of the state of South Carolina.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Cash and Cash Equivalents (Continued)

Interest earned by the Authority on amounts held in special deposit accounts is posted to the Authority's accounts at the end of each month and is retained by the Authority. Interest earnings are allocated based on the percentage of the Authority's accumulated daily interest income receivable to the total income receivable of the cash management pool. Reported interest income includes interest earnings at the stated rate, realized gains/losses, and unrealized gains/losses arising from changes in fair value on investments held by the cash management pool. Realized gains and losses are allocated daily and are included in the receivable. Unrealized gains and losses are allocated at year-end based on the Authority's percentage ownership in the cash management pool.

Although the cash management pool may include some long-term investments, it operates as a demand deposit account. Credit risk information pertaining to the cash management pool is contained in Note 2D.

The Authority has funds in State Treasurer accounts not included in the state's cash management pool and at other institutions. For these accounts, cash equivalents include investments in short- term, highly liquid securities having an initial maturity of three months or less at the time of acquisition.

The Authority records and reports its deposits in the general deposit account at cost but reports its deposits in the special deposit accounts at fair value.

H. Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, Government National Mortgage Association (GNMA), Federal National Mortgage Association (FNMA), Mortgage Backed Securities (MBS), and the state of South Carolina's cash management pool are recorded at fair value and unrealized gains or losses are reported in the statement of revenues, expenses, and changes in net position.

In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, the Authority uses valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value of investments.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Loans Receivable

Loans receivable consist of mortgage loans, which are carried at par. Most mortgage loans in the Single Family Finance Programs Fund as well as the single family mortgage loans of approximately \$90 million in the General Operating and Program Fund are insured with various governmental agencies and private mortgage insurance carriers at specified percentages of the original loan amount varying from 18% to 100%. Loans closed after July 29, 1999, are covered by the Homeowners Protection Act. Private mortgage insurance is cancelled after the loan-to- value ratio reaches 78% as provided by federal law. The Authority considers the mortgaged property as adequate collateral against significant potential loan losses for such uninsured properties. Most loans made from the Housing Trust Fund and a portion of the loans in the General Operating Fund are not single family mortgage loans and are not insured.

Management is of the opinion that the mortgage insurance coverage, in addition to over-collateralization, is adequate to cover any significant potential loan losses under the Single Family Finance Programs should they occur. Loans determined to be uncollectible and unrecoverable from mortgage insurance carriers are charged off against program income. The Authority has recorded allowances for doubtful loans which are considered adequate.

J. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods. Servicing Release Premium (SRP) means the fee included with the Purchase Price as compensation to the Originator for release of the right to service the mortgage loan, which shall be based on an amount equal to 1.50% of the principal amount of the mortgage loan (FHA Insured, Rural Development Guaranty, Veterans Administration, or Conventional Mortgage Loans) purchased by the Authority. The Housing Authority records these payments as prepaid items in both the government-wide and fund financial statements. The state's policy is to reflect consumption of the future benefit under the consumption method.

K. Capital Assets

Capital assets are recorded at cost at the date of acquisition. The Authority follows capitalization guidelines established by the state of South Carolina. The Authority capitalizes furniture and equipment with a unit value exceeding \$5,000 and an estimated useful life of more than two years. Routine repairs and maintenance are charged to operating expenses during the year in which the expense was incurred.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Capital Assets (Continued)

Depreciation is computed using the straight-line method over estimated useful lives of 3 to 10 years for furniture and equipment. Currently, the Authority owns personal property only and owns no real property (land, buildings, attachments, etc.).

The Authority is a lessee for noncancelable leases of office space. The Authority recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the statement of net position. The Authority recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the Authority initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the Authority determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The Authority uses the interest rate charged by the lessor as the discount rate.
 When the interest rate charged by the lessor is not provided, the Authority generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the Authority is reasonably certain to exercise.

The Authority monitors change in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with accounts payable and accrued expenses for current and long-term liabilities for noncurrent on the statement of net position.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Subscription-Based Information Technology Arrangements (SBITA)

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received form the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

M. Mortgage Escrows

Under provisions of certain mortgage loan agreements, the Authority is responsible for collecting deposits from homeowners for payment of property taxes and insurance. This is recorded as a current liability and paid from restricted assets.

N. Compensated Absences

The liability for compensated absences consists of leave that has not been used that is attributable to services already rendered, accumulates and is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. The liability also includes amounts for leave that has been used for time off but has not yet been paid in cash or settled through noncash means and certain other types of leave

O. Unearned Revenue

Unearned revenue are funds received in advance of the period in which they are earned and are recorded as a liability in the statement of net position. As of June 30, 2025, unearned revenue of \$32,065,735 consisted of the following:

	Unearned	
	Revenue	
Compliance Monitoring	\$	1,844,273
Neighborhood Stabilization Program -		
Program Income		1,766,709
Emergency Rental Assistance #2 - Unspent Funds		24,913,360
Homeowners Assistance Fund - Unspent Funds		3,056,202
Emergency Housing Vouchers - Unspent		
Service Fees		418,136
Program Fund - Unspent Funds		3,437
Loan Servicing and Miscellaneous Prepaid		63,618
Total Unearned Revenue	\$	32,065,735

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

P. Rebatable Arbitrage

Arbitrage involves the investment of proceeds from the sale of tax-exempt debt in a taxable investment that yields a higher rate than the rate of the obligation. This results in income in excess of interest costs. Federal law requires entities to rebate to the government such income on tax- exempt debt if the yield from those earnings exceeds the effective yield on the related tax-exempt debt issued. Governmental units may avoid the requirement to rebate the "excess" earnings to the federal government under certain circumstances if they issue no more than \$5 million in total of all such debt in a calendar year and if they meet specified targets for expenses of the proceeds and interest earnings thereon. For this purpose, tax-exempt indebtedness includes bonds, notes, and certain capital leases and installment purchases. The federal government only requires arbitrage to be calculated, reported, and paid every five years or at maturity of the debt, whichever is earlier. However, the potential liability is calculated annually for financial reporting purposes. At June 30, 2025, the Authority had no arbitrage rebate liability associated with the Authority's Mortgage Revenue Bonds outstanding.

Q. Budget Policy

The Appropriations Act as enacted by the General Assembly becomes the legal operating budget for the Authority. The Appropriations Act authorizes expenditures from funds appropriated from the General Fund of the state of South Carolina and authorizes expenditures of Total Funds. The Total Funds column in the Appropriations Act for each individual budgetary unit authorizes expenditures from all budgeted resources. A revenue budget is not adopted for individual budgetary units. The General Assembly enacts the budget through passage of line-item appropriations by program within budgetary unit within budgetary fund category, State General Fund or other budgeted funds. Budgetary control is maintained at the line-item level of the budgetary entity. Agencies may process disbursement vouchers in the state of South Carolina's budgetary accounting system only if enough appropriation authorization exists and generally if sufficient cash is on hand.

Under GASBS No. 34, budgetary comparison information is required to be presented for each major special revenue fund with a legally adopted budget. The Authority is not legally required to adopt a budget for the Housing Trust Fund. Therefore, budget comparison information is not included in the Authority's financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Operating and Non-operating Revenues and Expenses

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with the proprietary fund's principal ongoing operations including granting and collecting loans. The Authority's primary operating revenues are from administrative fees for the administration of HUD programs and interest and other charges on loans. Operating expenses include the Authority's administrative expenses and depreciation on capital assets. All revenues and expenses (excluding bond interest expense) not meeting this definition are reported as nonoperating revenues and expenses.

S. Net Position and Fund Balance

Net position or fund balance is presented in the following components or classifications:

Net Investment in Capital Assets – Consists of capital assets, right to use assets, net of accumulated depreciation and amortization, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, and the lease liability associated with the right to use asset.

Restricted Net Position – Net position or fund balance, for enterprise or governmental fund types, respectively, are reported as restricted when constraints placed on resource use are restricted by legal and/or contractual requirements. Generally, such assets have use restrictions placed on them by (1) external parties such as creditors, grantors, contributions, or laws or regulations of other governments; or (2) laws of the enabling government. The Authority's restrictions are primarily due to requirements of bond indentures, South Carolina law and federal program requirements. Amounts restricted for housing projects and development include funds that have been set aside for projects approved by the Board of Commissioners and unspent bond proceeds for single family housing.

Unrestricted Net Position – For business-type activities, all assets not meeting the definition of "restricted" or "net investment in capital assets" are classified as unrestricted.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. Net Position and Fund Balance (Continued)

Other Governmental Fund Balance Classifications – The Authority follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. Under GASB Statement No. 54, all governmental fund assets of the Authority not meeting the definition of "restricted" are classified as "nonspendable," "committed," "assigned," or "unassigned" as appropriate. The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The nonspendable fund balance includes long-term loan receivables.

For governmental funds, it is the policy of the Authority to spend unassigned fund balances first followed thereafter by restricted, committed, and assigned resources as needed.

For business-type activities, when both restricted and unrestricted resources are available, it is the policy of the Authority to spend restricted resources first followed thereafter by unrestricted resources as needed.

T. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions at the date of financial statement preparation that affect certain reported amounts of assets, liabilities, revenues, expenses, and disclosures of contingent assets and liabilities, for the reporting period. Actual results may differ from those estimates.

U. Pension Plan

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the South Carolina Retirement System (SCRS), as well as additions to and deductions from SCRS' fiduciary net position, have been determined on the same basis as they are reported by SCRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

V. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the South Carolina Retiree Health Insurance Trust Fund (SCRHITF), as well as additions to and deductions from SCRHITF's fiduciary net position, have been determined on the same basis as they are reported by SCRHITF. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

W. Deferred Outflows of Resources and Deferred Inflows of Resources

Changes in the net pension liability, net OPEB liability included in pension expense or OPEB expense, respectively, reported as deferred outflows of resources or deferred inflows of resources. Employer contributions made subsequent to the measurement date of the net pension liability and net OPEB liability are reported as deferred outflows of resources. Deferred outflows of resources and deferred inflows of resources are also determined by the difference in actual and expected liability experience, projected and actual returns on investments, deferred amounts from changes in the Authority's proportionate share, changes in assumptions, and differences between the Authority's contributions and its proportionate share of the total employer contributions to the plans. Deferred outflows of resources and deferred inflows of resources also include deferred losses and deferred gains on bond refundings, respectively.

X. Adoption of New Accounting Standard

For the year ended June 30, 2025, the Authority adopted GASB Statement Number 101, *Compensated Absences*. This statement updated the recognition and measurement guidance for compensated absences and associated salary-related payments and amended certain previously required disclosures. The compensated absence liability was adjusted for the implementation of this standard. The impact of the standard was immaterial to the financial statements, thus the financial statements were not restated.

Y. Subsequent Events

In preparing these financial statements, the Authority has evaluated events and transactions for potential recognition or disclosure through September 26, 2025, the date these financial statements were available to be issued. See Note 15 for additional information regarding subsequent events.

NOTE 2 DEPOSITS AND INVESTMENTS

A. Deposits

All deposits of the Authority are insured or collateralized by using the dedicated method. Under the dedicated method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by each of the depository banks. At June 30, 2025, excluding the deposits held by the State Treasurer of \$34,137,985, the Authority's cash had a carrying amount of \$226,331,051 and a bank balance of \$227,722,259. Of that balance, \$750,000 was covered by federal depository insurance and the remainder was covered by collateral held under the dedicated method.

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Deposits Held by State Treasurer

State law requires full collateralization of all deposits and investments of state funds. The depository institution must correct any deficiencies in collateral within seven days. With respect to investments in the state's cash management pool, all of the state Treasurer's investments are insured or registered or are investments for which the securities are held by the state or its agents in the state's name. Information pertaining to the reported amounts, fair values, and credit risk of the state Treasurer's investments is disclosed in the Annual Comprehensive Financial Report of the State of South Carolina.

C. Investments

At June 30, 2025, the Authority's investment balances were as follows:

		Less Than	G	reater Than
	 Fair Value	 1 Year		1 Year
SC State Treasurer Pool	\$ 225,550,776	\$ 225,550,776	\$	-
U.S. Treasuries	125,772,678	121,772,678		4,000,000
Government National Mortgage Association Insured Mortgage- Backed Securities (GNMAs)	25,058,406	-		25,058,406
Federal National Mortgage Association Mortgage-Backed				
Securities (FNMAs)	8,569,038	 -		8,569,038
Total	\$ 384,950,898	\$ 347,323,454	\$	37,627,444

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs. GNMAs and FNMAs are backed by HUD and have a credit rating of AAA.

The Authority has the following recurring fair value measurements as of June 30, 2025: The South Carolina Treasurer's Pool of \$225,550,776 is valued using quoted prices for similar assets or liabilities in active markets (Level 2 inputs). U.S. Treasuries of \$125,772,678, GNMAs of \$25,058,406 and FNMAs of \$8,569,038 are valued using a matrix pricing model (Level 2 inputs).

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

D. Investment Risk Factors

There are a number of variables that affect the value of investments. These risks are discussed below.

Interest Rate Risk

Interest rate risk is the risk that the value of fixed income securities will decline because of changes in interest rates. It is the Authority's policy to limit interest rate risk by calling debt as quickly as allowed. During the fiscal year ended June 30, 2025, the Authority called over \$82.2 million in debt prior to maturity.

Custodial Credit Risk

For a deposit, the custodial credit risk is the risk that in the event of the failure of the counterparty, the Authority will not be able to recover the value of its deposits, investments, or collateral securities held by an outside party. The Authority has no policy on custodial credit risk.

Credit Risk

The Authority follows Section 11-9-660 of the South Carolina Code of Laws regarding credit risk. The Authority places a portion of its funds on deposit in the state's cash management pool. Although the state's cash management pool itself is unrated, it is invested according to the requirements of state law, which allows only limited investments in instruments subject to credit risk. State law further requires that investments in obligations of corporations and in state or political subdivisions of the United States have an investment grade rating from at least two nationally recognized rating agencies.

Concentration of Credit Risk

The Authority places no limit on the amount it may invest in any one issuer. The Authority's investments are as follows: State Treasurer Investment Pools (58.6%), U.S. Treasuries (32.7%), GNMAs (6.5%), and FNMAs (2.2%).

NOTE 2 **DEPOSITS AND INVESTMENTS (CONTINUED)**

E. Restricted Deposits and Investments

Under provisions of applicable bond indentures, the Authority is required to restrict sufficient assets with an independent trustee (The Bank of New York/Mellon) in the Single Family Finance Program Funds in order to meet reserve requirements for payment of debt service on bonds. The required and actual reserve amounts for each program at June 30, 2025, are as follows:

	Reserve Requirements		Actual Funding	Over		
Single-Family Indenture Bond Reserve Funds Mortgage Revenue Indenture	\$	161,250	\$ 294,457	\$	133,207	
Bond Reserve Funds		45,571,200	 47,303,396		1,732,196	
Total	\$	45,732,450	\$ 47,597,853	\$	1,865,403	

NOTE 3 LOANS RECEIVABLE

Loans receivable consist of the following:

Total Proprietary Funds

Governmental Funds:

Housing Trust Fund notes maturing on various dates from 2025-2055 plus interest ranging from

0.000%-4.000% per annum, payable in monthly installments of principal and interest, as provided in the notes, reported net of allowance for doubtful accounts		
of \$-0	\$	21,220,530
Total Governmental Funds	\$	21,220,530
Proprietary Funds:		
General Operating Fund notes maturing on various dates from 2025-2060 plus interest ranging from 0.000%-6.000% per annum, payable in installments of principal and interest as provided in the notes, reported net of allowance for doubtful accounts of \$24,000.	\$	87,936,314
Program Fund notes maturing on various dates from 2025- 2041 plus interest ranging from 0.000%-4.000% per annum, payable in monthly installments of principal and interest as provided in the notes, reported net of allowance for doubtful accounts of \$798,000.	Ť	1,242,170
Single Family Finance Programs notes maturing on various dates from 2025-2055 plus interest ranging from 0.000%-9.500% per annum, payable in monthly installments of principal and interest, reported net of		
allowance for doubtful accounts of \$1,299,000.		1,540,438,974

1,629,617,458

NOTE 3 LOANS RECEIVABLE (CONTINUED)

The Authority issues various loans that will be forgiven once certain criteria are met. Due to the nature of these loans, they are recorded as grants and expensed in the year issued. If the borrower fails to satisfy the conditions of the underlying agreement, and the loan becomes due, the Authority will recognize a recovery equal to the amount repaid. For the fiscal year ending June 30, 2025, the Authority recovered \$1,968,800 of previously expensed loans and issued \$13,344,341 in forgivable loans. As of June 30, 2025, the balance of forgivable loans issued is \$57,679,515.

NOTE 4 CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2025, was as follows:

	Beginning				Ending
	Balance	Increases	Decreases	Adjustments	Balance
Capital Assets, Depreciable/Amortizable:					
Right-to-Use Asset - Building	\$ 4,243,880	\$ -	\$ -	\$ -	\$ 4,243,880

2051-2055	278,050,000		39,644,538		317,694,538		
2056	 5,125,000		166,563		5,291,563		
Total	\$ 1,524,415,000	\$	1,203,264,178		\$ 2,727,679,178		

The Authority has the option to redeem most of its bonds prior to maturity as specified under each bond issue. These early redemptions are funded by mortgage pre-payments and other income. The mortgage pre-payment rate varies from year to year and determines the amount of funds available to call bonds prior to maturity. Below is a listing of the Single Family Finance Program bonds redeemed prior to their maturity during the fiscal year ended June 30, 2025:

Single	Family	Finance	Programs:
Single	ranniv	rmance	Programs.

Single Family Mortgage Purchase Bonds: Series 1998A	\$ -
Mortgage Revenue Bonds:	
Series 2014A	1,340,000
Series 2015A	895,000
Series 2016A	960,000

Series 2014A	1,340,000
Series 2015A	895,000
Series 2016A	960,000
Series 2016B	3,295,000
Series 2017A	1,875,000
Series 2017B	3,740,000
Series 2018A	4,255,000
Series 2019A	5,655,000
Series 2019B	6,760,000
Series 2020A	9,460,000
Series 2020B	8,100,000
Series 2021A	11,550,000
Series 2022A	5,435,000

Series 2023A	3,595,000
Series 2023B	5,070,000
Series 2024A	2,785,000
Series 2024B	720,000
Subtotal	82,845,000
Total	\$ 82,845,000

NOTE 6 BONDS PAYABLE (CONTINUED)

During the reporting period, the Authority issued \$500,000,000 in Mortgage Revenue Bonds Series 2024B, 2025A, and 2025B, with fixed interest rates ranging from 3.75% to 6.50%. The proceeds of 2024B, 2025A, and 2025B will purchase first-time homeowner mortgages. The proceeds of 2022C are invested until released as a result of refunding the notes; 2023B represents the first tranche of refunding. The Bonds were issued at premiums of \$8,610,333, \$10,754,105, and \$10,564,032, respectively, with underwriters' fees of \$1,011,033, \$1,152,242, and \$1,194,925, respectively.

Bond	Issue	Issued				Uı	nderwriters
Series	Date	Amount	From	То	Premium		Fees
2024B	08/22/24	\$ 150,000,000	3.75%	6.00%	\$ 8,610,333	\$	1,011,033
2025A	01/30/25	172,000,000	3.88%	6.50%	10,754,105		1,152,242
2025B	06/12/25	 178,000,000	4.25%	6.50%	10,564,032		1,194,925
Total		\$ 500,000,000			\$ 29,928,470	\$	3,358,200

Bond premium amortized for the fiscal year ended June 30, 2025, and attributable to the Single Family Finance Programs Fund bonds totaled \$3,149,311 and was reported as interest expense in the fund.

Amortization of net deferred gains on refundings of debt of \$144,104 for the fiscal year ended June 30, 2025, was attributable to the Single Family Finance Programs Fund bonds and was included in interest expense in the fund.

All bonds are secured by all mortgage loans, the documents evidencing and securing such mortgage loans, the mortgage purchase agreements and servicing agreements, and any other assets acquired with the bond proceeds. Terms of the Authority's bond resolutions include certain events of default, which upon occurrence, could result in the bonds becoming immediately due and payable. Such events include (but are not limited to) failure to pay any principal or interest installment, or failure to perform or observe any other covenant, agreement, or condition contained in the bond resolutions.

NOTE 7 TRANSACTIONS WITH STATE AGENCIES

These financial statements include the following related party transactions between the Authority and the state of South Carolina and various state agencies:

- The South Carolina Department of Revenue collects documentary stamp taxes and remits \$0.20 of every \$1.30 collected to the State Treasurer's Office, the Trustee. The Authority administers the Housing Trust Fund for the State Treasurer's Office.
- The employee insurance plans and retirement plan are administered by PEBA. PEBA was created July 1, 2012, by the South Carolina General Assembly as a state agency responsible for the administration and management of the state's employee insurance programs and retirement systems.
- Services received at no cost from state agencies include maintenance of certain accounting records and payroll and disbursement processing from the Comptroller General; check preparation, banking and investment functions from the State Treasurer; and legal services from the Attorney General.
- The Authority receives services from both the Department of Administration and the State Fiscal Accountability Authority (SFAA) to include grant services, personnel management, review, and approval of certain budget amendments, procurement services, and other centralized functions. The Authority accrued \$186,522 for the Statewide Cost Allocation Plan during the fiscal year ended June 30, 2025.
- Financial transactions include payments to the Department of Administration and the SFAA for vehicle rental, insurance coverage, office supplies, printing, and telephone. Payments were also made for the workers' compensation insurance coverage and unemployment compensation. The amounts for such items applicable to fiscal year 2025 expenditures were not readily available.

NOTE 8 FUND TRANSFERS AND INTERFUND BALANCES

Fund transfers to and from other funds, which are legally allowable and in accordance with the terms of the respective bond indentures, as applicable, during the fiscal year ended June 30, 2025, are as follows:

- \$5,450,042 from the Single Family Fund to the General Operating Fund to transfer servicing release fees to be amortized.
- \$496,400 from the General Operating Fund to the Housing Trust Fund for reclass of a loan into the HTF program.

As of June 30, 2025, the Housing Trust Fund had payable balance of \$1,494,662 due to the General Operating Fund. This was relieved subsequent to fiscal year end.

NOTE 9 RISK MANAGEMENT

The Authority is exposed to various risks of loss and maintains state or commercial insurance coverage for such risks except business interruption insurance. The Authority has arranged for backup facilities for its information technology needs. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settled claims have not exceeded this coverage in any of the past three years. The Authority pays insurance premiums to certain other State agencies and commercial insurers to cover risks that may occur in normal operations. The insurers promise to pay to or on behalf of the insured for covered economic losses sustained during the policy period in accordance with insurance policy and benefit program limits except for deductibles.

Several state funds accumulate assets and the state assumes substantially all risks for the following:

- 1. Claims of state employees for unemployment compensation benefits (South Carolina Department of Employment and Workforce).
- 2. Claims of covered employees for workers' compensation benefits for job-related illnesses or injuries (State Accident Fund).
- 3. Claims of covered public employees for health and dental insurance benefits (Public Employee Benefit Authority Insurance Benefits).
- 4. Claims of covered public employees for long-term disability and group-life insurance benefits (Public Employee Benefit Authority Insurance Benefits).

Employees elect health coverage through the state's self-insured plan. All other coverage listed above is through the applicable state self-insured plan except that dependent and optional life premiums are remitted to commercial carriers.

NOTE 9 RISK MANAGEMENT (CONTINUED)

The Authority and other entities pay premiums to the state's Insurance Reserve Fund (IRF), which issues policies, accumulates assets to cover the risks of loss, and pays claims incurred for covered losses related to the following assets, activities, and/or events:

- 1. Theft of, damage to, or destruction of assets
- 2. Torts

The IRF is a self-insurer and purchases reinsurance to obtain certain services and specialized coverage and to limit losses in the areas of property and equipment. IRF rates are determined actuarially.

The Authority obtains coverage through a commercial insurer for employee fidelity bond insurance for potential losses arising from theft or misappropriation by employees.

The Authority obtains coverage through a commercial insurer for cyber insurance for potential losses arising from a breach of the Authority's electronic data.

The Authority records expenses for insurance premiums in the general and administrative expense category of the General Operating Fund.

NOTE 10 CONDUIT DEBT

The Authority has issued bonds to provide financing for multifamily housing. These bonds are special limited obligations of the Authority, payable solely from and secured by mortgages to be received from mortgage loans with various mortgagees. The bonds do not constitute a debt or pledge of the faith and credit of the Authority or the state of South Carolina, and accordingly, have not been reported in the accompanying financial statements.

NOTE 11 PENSION PLAN

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the retirement systems and benefit programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets.

NOTE 11 PENSION PLAN (CONTINUED)

The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues an Annual Comprehensive Financial Report (ACFR) containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The ACFR is publicly available through the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and, therefore, retirement trust fund financial information is also included in the Annual Comprehensive Financial Report of the State of South Carolina.

A. Plan Descriptions

The South Carolina Retirement System (SCRS), a cost-sharing, multiemployer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for employees of the state of South Carolina, its public school districts, and political subdivisions.

The State Optional Retirement Program (State ORP) is a defined contribution plan that is offered as an alternative to certain newly hired state, public school, and higher education employees. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers.

B. Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

• SCRS – Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees, teachers, and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

NOTE 11 PENSION PLAN (CONTINUED)

B. Membership (Continued)

State ORP – As an alternative to membership in SCRS, newly hired state, public school, and higher education employees and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election have the option to participate in the State ORP, which is a defined contribution plan. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers. PEBA assumes no liability for State ORP benefits. Rather, the benefits are the liability of the investment providers. For this reason, State ORP programs are not part of the retirement systems' trust funds for financial statement purposes. Employee and Employer contributions to the State ORP are at the same rates as SCRS. A direct remittance is required from the employers to the member's account with investment providers for the employee contribution and a portion of the employer contribution (5%). A direct remittance is also required to SCRS for the remaining portion of the employer contribution and an incidental death benefit contribution, if applicable, which is retained by SCRS.

C. Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of the benefit terms for each system is presented below.

SCRS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years.

Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

NOTE 11 PENSION PLAN (CONTINUED)

C. Benefits (Continued)

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

D. Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Effective July 1, 2017, employee rates were increased and capped at 9% for SCRS and 9.75% for PORS. The legislation also increased employer contribution rates beginning July 1, 2017, for both SCRS and PORS until reaching 18.56% for SCRS and 21.24 percent for PORS. The legislation included a further provision that if the scheduled contributions are not sufficient to meet the funding periods set in state statute, the PEBA board would increase the employer contribution rates as necessary to meet the funding periods set for the applicable year.

Pension reform legislation modified statute such that the employer contribution rates for SCRS and PORS to be further increased, not to exceed one-half of one percent in any one year, if necessary, in order to improve the funding of the plans. The statute set rates intended to reduce the unfunded liability of SCRS and PORS to the maximum amortization period of 20 years from 30 years over a 10-year schedule, as determined by the annual actuarial valuations of the plan. Finally, under the revised statute, the contribution rates for SCRS and PORS may not be decreased until the plans are at least 85% funded.

NOTE 11 PENSION PLAN (CONTINUED)

D. Contributions (Continued)

The Retirement System Funding and Administration Act establishes a ceiling on employee contribution rates at 9% and 9.75% for SCRS and PORS respectively. The employer contribution rates will continue to increase annually by 1% through July 1, 2023. The legislation's ultimate scheduled employer rate is 18.56% for SCRS and 21.24% for PORS. The amortization period is scheduled to be reduced one year for each of the next 10 years to a 20-year amortization period.

	Fiscal Year			
	2025	2024		
SCRS:				
Employee Class Two	9.00 %	9.00 %		
Employee Class Three	9.00	9.00		
State ORP:				
Employee	9.00	9.00		

Required employer contribution rates¹ are as follows:

	Fiscal Year		
	2025	2024	
SCRS:		_	
Employer Class Two	18.56 %	18.56 %	
Employer Class Three	18.56	18.56	
State ORP:			
Employer Contributions ²	18.56	18.56	

¹ Calculated on earnable compensation as defined in Title 9 of the South Carolina Code of laws.

The Authority has contributed \$1,857,441 to the retirement and incidental death benefit programs, during the year ended June 30, 2025.

² Of this employer contribution, 5% of earnable compensation must be remitted by the employer directly to the ORP vendor to be allocated to the member's account with the remainder of the employer contribution remitted to the SCRS.

NOTE 11 PENSION PLAN (CONTINUED)

E. Actuarial Assumptions and Methods

Actuarial valuations of the ongoing plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. The GASB Statement No. 67 valuation report prepared as of June 30, 2024, is based on the experience study report for the period ending June 30, 2019. A more recent experience report on the Systems was issued for the period ending June 30, 2023 and will be used for future valuations.

The June 30, 2024, total pension liability (TPL), net pension liability (NPL), and sensitivity information shown in this report were determined by our consulting actuary, Gabriel Roeder Smith & Company (GRS) and are based on an actuarial valuation performed as of July 1, 2023. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year end, June 30, 2024, using generally accepted actuarial principles. There was no legislation enacted during the 2024 legislative session that had a material change in the benefit provisions for any of the systems.

The following table provides a summary of the actuarial assumptions and methods used to calculate the total pension liability as of June 30, 2024.

Actuarial Cost Method Investment Rate of Return¹ Projected Salary Increases¹ Benefit Adjustments SCRS
Entry Age Normal
7.00%
3.0% to 11.0% (Varies by Service)
Lesser of 1% or \$500 Annually

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality table (2020 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

¹ Includes inflation at 2.25%.

NOTE 11 PENSION PLAN (CONTINUED)

E. Actuarial Assumptions and Methods (Continued)

Assumptions used in the determination of the June 30, 2024, total pension liability are as follows.

Former Job Class	Males	Females
Educators	2020 PRSC	2020 PRSC
	Multiplied by 95%	Multiplied by 94%
General Employees and Members of the	2020 PRSC	2020 PRSC
General Assembly	Multiplied by 97%	Multiplied by 107%
Public Safety and Firefighters	2020 PRSC	2020 PRSC
	Multiplied by 127%	Multiplied by 107%

F. Net Pension Liability

The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67 less that System's fiduciary net position. The net pension liability amounts for SCRS are presented below:

				Plan Fiduciary
				Net Position as
	Total	Plan	Employers'	a Percentage
	Pension	Fiduciary	Net Pension	of the Total
System	Liability	Net Position	Liability	Pension Liability
SCRS	\$ 61,369,806,968	\$ 37,919,492,371	\$ 23,450,314,597	61.8%

The total pension liability is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Statement Nos. 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

The Authority's proportionate share of the net pension liability was calculated on the basis of historical employer contributions. Although GASB Statement No. 68 encourages the use of the employer's projected long-term contribution effort to the retirement plan, allocating on the basis of historical employer contributions is considered acceptable. For the year ending June 30, 2025, the Authority's percentage of the SCRS net pension liability was 0.065171%, a decrease of 0.000534% from the prior year's percentage of 0.065705%. The Authority's proportionate share is determined by its percentage of total contributions to SCRS during the respective fiscal year. The change in percentage resulted in the Authority's recognizing a change in its proportionate share of the SCRS net pension liability at related deferred outflows and inflows of resources.

NOTE 11 PENSION PLAN (CONTINUED)

F. Net Pension Liability (Continued)

The change in percentage resulted in the Authority's recognizing a change in its proportionate share of the SCRS net pension liability at related deferred outflows and inflows of resources.

G. Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rate of returns represents assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2024 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized below. For actuarial purposes, the 7.00% assumed annual investment rate of return used in the calculation of the total pension liability includes a 4.75% real rate of return and a 2.25% inflation component.

		Expected Arithmetic	Long-Term Expected Portfolio
	Target Asset	Real Rate	Real Rate
Asset Class	Allocation	of Return	of Return
Public Equity	46.00 %	6.23 %	2.86 %
Bonds	26.00	2.60	0.68
Private Equity	9.00	9.60	0.86
Private Debt	7.00	6.90	0.48
Real Assets:			
Real Estate	9.00	4.30	0.39
Infrastructure	3.00	7.30	0.22
Total Expected Real Return	100.00 %		5.49
Inflation for Actuarial Purposes			2.25
Total Expected Nominal Return		:	7.74 %

NOTE 11 PENSION PLAN (CONTINUED)

I. Sensitivity Analysis

The following table presents the collective net pension liability of the participating employers calculated using the discount rate of 7.00%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate.

	1%	Current	1%		
	Decrease	Discount	Increase		
System	(6.00%)	Rate (7.00%)	(8.00%)		
SCRS	\$ 30,388,957,993	\$ 23,450,314,597	\$ 17,060,373,399		
Authority's Proportionate Share	19,804,704	15,282,740	11,118,369		

J. Additional Financial and Actuarial Information

Information contained in these Notes to the Schedules of Employer and Nonemployer Allocations and Schedules of Pension Amounts by Employer (Schedules) was compiled from the Systems' audited financial statements for the fiscal year ended June 30, 2024, and the accounting valuation report as of June 30, 2024. Additional financial information supporting the preparation of the Schedules (including the unmodified audit opinion on the financial statements and required supplementary information) is available in the Systems' ACFR.

K. Deferred Outflows (Inflows) of Resources

For the year ended June 30, 2025, the Authority recognized pension expense of \$1,626,630. At June 30, 2025, the Authority reported deferred outflows (inflows) of resources related to pensions from the following sources and will be amortized to pension expense as noted in the following table:

C	outflows of	- Ir	Deferred offlows of esources
	10000		
\$	1,857,441	\$	-
	502,245		18,967
	•		91,413
	269,432		-
	_		588,849
\$	2,835,738	\$	699,229
	<u> </u>	502,245 206,620 269,432	Outflows of Resources Reso

NOTE 11 PENSION PLAN (CONTINUED)

K. Deferred Outflows (Inflows) of Resources (Continued)

Average remaining service lives of all employees provided with pensions through the pension plans at June 30, 2025 was 3.616 years for SCRS:

	Fiscal Year	
Measurement Period Ending June 30,	Ending June 30,	 SCRS
2025	2026	\$ (84,164)
2026	2027	556,718
2027	2028	(38,847)
2028	2029	 (154,639)
	Total	\$ 279,068

The authority reported \$1,857,441 as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026.

NOTE 12 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

A. General Information

The South Carolina Public Employee Benefit Authority (PEBA) was created by the South Carolina General Assembly as part of Act No. 278 effective July 1, 2012. PEBA – Insurance Benefits is a state agency responsible for the administration and management of the state's employee insurance programs, other post-employment benefits trusts and retirement systems and is part of the State of South Carolina primary government.

The governing board of PEBA is a board of 11 members. The membership composition is three members appointed by the Governor, two members appointed by the President Pro Tempore of the Senate, two members appointed by the Chairman of the Senate Finance Committee, two members appointed by the Speaker of the House of Representatives and two members appointed by the Chairman of the House Ways and Means Committee. Individuals appointed to the PEBA board must possess certain qualifications. Members of the PEBA board serve for terms of two years and until their successors are appointed and qualify. Terms commence on July first of even numbered years. The PEBA board appoints the Executive Director. The laws of the State and the policies and procedures specified by the State for State agencies are applicable to all activities of PEBA. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions in administering the State Health Plan and other post-employment benefits (OPEB).

NOTE 12 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

B. Plan Descriptions

The OPEB Trusts, collectively refers to the South Carolina Retiree Health Insurance Trust Fund (SCRHITF) and the South Carolina Long-Term Disability Insurance Trust Fund (SCLTDITF), were established by the state of South Carolina as Act 195, which became effective on May 2008. The SCRHITF was created to fund and account for the employer costs of the state's Retiree Health and Dental Plans. The SCLTDITF was created to fund and account for the employer costs of the state's Basic Long-Term Disability Income Benefit Plan.

In accordance with Act 195, the OPEB Trusts are administered by PEBA-Insurance Benefits and the state Treasurer is the custodian of the funds held in trust. The PEBA Board of Directors has been designated as the Trustee.

The OPEB Trusts are cost-sharing, multiemployer defined benefit OPEB plans. Article 5 of the South Carolina Code of Laws defines the two plans and authorizes the Trustee to at any time adjust the plans, including its benefits and contributions, as necessary to insure the fiscal stability of the plans. In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides postemployment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents.

C. Benefits

The SCRHITF is a healthcare plan that covers retired employees of the state of South Carolina, including all agencies and public school districts. The SCRHITF provides health and dental insurance benefits to eligible retirees. Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15-24 years of service for 50% employer funding.

The SCLTDITF is a long-term disability plan that covers employees of the state of South Carolina, including all agencies, public school districts, and all participating local governmental entities. The SCLTDITF provides disability payments to eligible employees that have been approved for disability.

Management of the Authority evaluated the net OPEB liability, OPEB expense, and related deferred outflows and inflows of resources associated with the SCLTDITF, and has concluded that these financial statement items are immaterial to the Authority's financial statements as of and for the fiscal year ended June 30, 2025. Accordingly, no adjustments were made to the Authority's financial statements pursuant to the provisions of GASB Statement No. 75 for the SCLTDITF.

NOTE 12 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

D. Contributions and Funding Policies

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires these postemployment and long-term disability benefits to be funded through nonemployer and employer contributions for active employees and retirees to PEBA-Insurance Benefits.

The SCRHITF is funded through participating employers that are mandated by State statute to contribute at a rate assessed each year by the Department of Administration Executive Budget Office on active employee covered payroll. The covered payroll surcharge for the year ended June 30, 2024, was 6.35%. The South Carolina Retirement System collects the monthly covered payroll surcharge for all participating employers and remits it directly to the SCRHITF. Other sources of funding for the SCRHITF include the implicit subsidy, or age-related subsidy inherent in the healthcare premium's structure. The implicit subsidy represents a portion of the healthcare expenditures paid on behalf of the employer's active employees. For purposes of GASB 75, the expenditure on behalf of the active employee is reclassified as a retiree healthcare expenditure so that the employer's contributions towards the plan reflect the underlying age- adjusted, retiree benefit costs. Nonemployer contributions consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA-Insurance Benefits reserves. However, due to the COVID-19 pandemic and the impact it has had on the PEBA Insurance Benefits reserves, the General Assembly has indefinitely suspended the statutorily required transfer until further notice. The SCRHITF is also funded through investment income.

The allocation percentage of the PEBA amounts are calculated differently for each OPEB Trust. For the SCRHITF, the allocation percentage is based on the covered payroll surcharge contribution for each employer. Please note that actual covered payroll contributions received from SCRS for the fiscal year 2024 totaled \$732,799,781. However, the covered payroll contributions total includes prior year covered payroll contribution adjustments and true-ups that net to a total of \$2,577,195.

In accordance with part (b) of paragraph 60 of GASB Statement No. 75, participating employers should recognize revenue in an amount equal to the employer's proportionate share of the change in the collective net OPEB liability arising from contributions to the OPEB plan during the measurement period from nonemployer contribution entities for the purposes other than the separate financing of specific liabilities to the OPEB plan. Therefore, employers should classify this revenue the same manner as it classifies grants from other entities.

For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trusts, and additions to and deductions from the OPEB Trusts fiduciary net position have been determined on the same basis as they were reported by the OPEB Trusts. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

NOTE 12 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

D. Contributions (Continued)

PEBA – Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available through the PEBA – Insurance Benefits' link on PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, OPEB Trust fund financial information is also included in the comprehensive annual financial report of the state.

Authority's contributions to the SCRHITF plan were \$635,493 for the fiscal year ended June 30, 2025.

E. Net OPEB Liability and OPEB Expense

At June 30, 2025, the Authority reported a liability of \$12,887,769 for its proportionate shares of the SCRHITF's net OPEB liability, measured at June 30, 2024. The SCRHITF's net OPEB liability represents its total OPEB liability determined in accordance with GASB Statement No. 74, less its fiduciary net position. The net OPEB liability was determined based upon actuarial valuations performed on June 30, 2023 which were then rolled forward to the June 30, 2024 measurement date. This method is expected to be reflective of the Authority's long-term contribution effort, as well as be transparent to individual employers and their external auditors. At June 30, 2024, the Authority's proportionate share of the SCRHITF plan's net OPEB liability was 0.079940%, which represents an increase of 0.002059% from its proportionate share measured as of June 30, 2024.

For the year ended June 30, 2025, the Authority recognized OPEB expense of \$519,062.

F. Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2025, the Authority reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Ir	Deferred of sources
Pension Contributions Subsequent to the	 _		_
Measurement Date	\$ 1,857,441	\$	-
Differences in Actual and Expected Plan Experience	502,245		18,967
Change in Proportionate Share and Differences			
Between the Authority's Contributions and			
Proportionate Share of Contributions	206,620		91,413
Change in Assumptions	269,432		-
Net Differences Between Projected and Actual			
Earnings on Plan Investments	 <u> </u>		588,849
Total	\$ 2,835,738	\$	699,229

NOTE 12 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

F. Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Of the total amount reported as deferred outflows of resources related to OPEB, \$635,493 resulting from contributions made subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the net OPEB liability during the fiscal year ending June 30, 2026.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the Authority's OPEB expense as follows:

Year Ending June 30,	SCRHITF
2026	\$ (209,498)
2027	(164,837)
2028	(429,283)
2029	(646,238)
2030	27,909
Thereafter	222,080
Total	\$ (1,199,867)

G. Actuarial Assumptions and Methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plans (as understood by the employer and plan participants) and include the types of benefits provided at the time the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial valuations were performed as of June 30, 2023. Update procedures were used to roll forward the total OPEB liabilities to June 30, 2024.

NOTE 12 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

G. Actuarial Assumptions and Methods (Continued)

Additional information as of the latest actuarial valuations for the SCRHITF Plan is as follows:

Valuation Date June 30, 2023

Actuarial Cost Method Individual Entry - Age Normal

Inflation 2.25%

Investment Rate of Return 2.75%, Net of OPEB Plan investment expense, including inflation

Single Discount Rate 3.97% as of June 30, 2024

Demographic Assumptions Based on the experience study performed for the South Carolina Retirement Systems for the

five-year period ending June 30, 2019

Mortality For healthy retirees, the gender-distinct South Carolina Retirees 2020 Mortality Tables are

used with multipliers based on plan experience; the rates are projected on a fully generational basis using 80% of the ultimate rates of Scale MP-2019 to account for future

mortality improvements.

Health Care Trend Rate Initial trend starting at 6.50% and gradually decreasing to an ultimate trend rate of 4.25%

over a period of 14 years.

Based on Plan Specific Experience. Aging Factors

Retiree Participation 79% for retirees who are eligible for funded premiums; 59% participation for retirees who are

eligible for Partial Funded Premiums, 20% participation for retirees who are eligible for

Non-Funded Premiums, 20% participation for retirees who are eligible for Non-Funded Premiums.

The discount rate changed from 3.86% as of June 30, 2023 to 3.97% as of June 30, 2024. Notes

The long-term expected rate of returns represents assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2018 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation.

This information is summarized in the following table:

			Allocation Weighted
		Expected	Long-Term
		Arithmetic	Expected
	Target Asset	Real Rate	Real Rate
Asset Class	Allocation	of Return	of Return
U.S. Domestic Fixed Income	80.00 %	0.95 %	0.76 %
Cash and Equivalents	20.00	0.35	0.07
Total Expected Real Return	100.00 %		0.83
Expected Inflation			2.25
Total Return			3.08 %
Investment Return			2.75 %

NOTE 12 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

H. Discount Rate

The Single Discount Rate of 3.97% was used to measure the total OPEB liability for the SCRHITF. The accounting policy for this plan is to set the Single Discount Rate equal to the prevailing municipal bond rate. Due to the plan's investment and funding policies, the difference between a blended discount rate and the municipal bond rate would be less than several basis points (several hundredths of 1%).

I. Sensitivity Analysis

The following table presents the SCRHITF's net OPEB liability calculated using a Single Discount Rate of 3.97%, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount Rate that is 1-percentage-point lower or 1-percentage-point higher. In addition, regarding the sensitivity of the SCRHITF's net OPEB liability to changes in the healthcare cost trend rates, the following table presents the plan's net OPEB liability, calculated using the assumed trend rates as well as what the plan's net OPEB liability would be if were calculated using a trend rate that is 1-percentage-point lower or 1-percentage-point higher.

System	1% Decrease (2.97%)	Current Discount Rate (3.97%)	1% Increase (4.97%)
SCRHITF Net OPEB Liability	\$ 19,137,805,594	\$ 16,121,802,098	\$ 13,707,528,008
Authority's Proportionate Share	15,298,762	12,887,769	10,957,798
		Current	
	1%	Healthcare	1%
System	Decrease	Cost Trend Rate	Increase
SCRHITF Net OPEB Liability	\$ 13,257,148,932	\$ 16,121,802,098	\$ 19,837,408,667
Authority's Proportionate Share	10,597,765	12,887,769	15,858,025

Detailed information about the SCRHITF's fiduciary net position is available in the separately issued PEBA financial report, which is publicly available through the PEBA – Insurance Benefits' link on PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223.

NOTE 13 DEFERRED COMPENSATION PLANS

The South Carolina Deferred Compensation Program (Deferred Comp) provides participants with a supplemental retirement savings strategy through its 401(k) and 457(b) retirement savings plans. The minimum amount that can be contributed to each plan is \$10 per pay period. Participants can change the amount they are deferring to Deferred Comp at any time. The Internal Revenue Service (IRS) sets annual contribution limits for both 401(k) and 457(b) Plans. Traditional contributions to the 401(k) and 457(b) plans are made on a beforetax basis and taxes are paid only when there is a distribution. Roth contributions are made with after-tax dollars, which means taxes have already been paid on the money before it enters any account(s). Deferred Comp offers valuable benefits to its participants. In an effort to maximize this value, the South Carolina Public Employee Benefit Authority (PEBA) has contracted with Empower Retirement to provide recordkeeping, administration, and communication services related to Deferred Comp. With a dedicated local Deferred Comp. office in the Columbia area, Empower focuses on providing high-quality retirement plan services to employers and their employees. Empower is a leading services provider of employer-sponsored deferred compensation retirement programs, primarily for government, healthcare, and nonprofit entities. Employees who retire or separate from service have a variety of payment choices and can also choose to leave the account balance in Deferred Comp.

The State of South Carolina has no liability for losses under the Deferred Comp plans and does not allow employer matching.

NOTE 14 COMMITMENTS AND CONTINGENCIES

Financial Award Commitments

As of June 30, 2025, the Authority has financial award commitments outstanding totaling \$67,846,740 under the Housing Trust Fund programs.

The Authority receives significant federal grant and entitlement revenues. Compliance audits of federal programs may identify disallowed expenditures. Disallowances by federal program officials as a result of these audits may become liabilities of the Authority. The Authority records a liability for pending disallowances if settlement is probable and the settlement amount is reasonably estimable. Otherwise, the liability is recorded only when the Authority and the federal government agree on reimbursement terms.

Based on an analysis of historical data, the Authority believes that any such disallowances relating to the fiscal year ended June 30, 2025, or earlier years will not have a material impact on the Authority's financial statements.

NOTE 15 SUBSEQUENT EVENTS

In July, 2025, the Authority paid off the remaining Single Family 1998 series indenture prior to maturity. A new Mortgage Revenue Bond series, 2025C, is expected to close in October, 2025.

NOTE 16 SEGMENT FINANCIAL INFORMATION

Segment financial information, as required by the bond trustees for each indenture of the Authority's Single Family Finance Programs as of and for the fiscal year ended June 30, 2025, is presented on the following pages.
